We offer fuel depot design and construction and the supply of new or refurbished tanks and pumps.

Wholesale License Applications

Our Wholesale License Services

A fuel wholesaler is any person or business that purchases and sells prescribed [petroleum products](#) in bulk to a licensed manufacturer, wholesaler, retailer or the end consumer.

In terms of the Petroleum Products Act, (Act 120 of 1977) as amended in 2003, and which is administered by the Department of Energy (DOE), no person or business entity is allowed to wholesale prescribed petroleum products unless that person/business has a valid wholesale licence. The Act further states that no person may operate as a wholesaler (which means that you may not sell any form of petroleum product) unless that person or business entity has a valid wholesale licence. Wholesale licences may be applied for with storage facilities or without storage facilities.

Retail and Site License Applications

Ufuel (Pty) Ltd offers the following Retail and Site license services nationwide.

UFuel facilitates new [retail license applications](#), change-of-hands retail license applications, new site license applications and the transfer of existing site licenses. We are the preferred service provider for various of the major oil companies and have the best track record in the industry when it comes to service-levels, price and turnaround times.
