# 4 Major Digital Marketing Issues

- X Audiences being increasingly ad-adverse
- X Brands sticking to legacy technologies
- X Breaking with brand values.
- X Lack of a clear digital marketing strategy

# Solution

- ✓ You must meticulously plan how you want to define yourself in a crowded market.
- ✓ You must think of how to market your products and services in a way that it convinces your target audience.
- ✓ Have a profile for your target customer in your mind, and orient your marketing strategy accordingly.
